

Mercury Precision, Smartcraft and Quicksilver Parts and Accessories Limited Warranty.

What is Covered

Mercury Marine warrants each new or factory rebuilt Mercury Precision, Smartcraft, Quicksilver Parts and Accessories and Mercury Racing Propellers sold by a Mercury Marine authorized dealer or distributor to be free from defects in materials and workmanship during the period described below.

Duration of Coverage

This limited warranty provides coverage for one (1) year from either the date on which the product is first sold to a retail customer by a Mercury Marine authorized dealer or Distributor, or the date on which the product is first put into service, whichever occurs first. Smartcraft Parts and accessories (controls, gauges, displays and hardware, which does not include engines and engine mounted components) receive warranty coverage for two (2) years from either the date on which the product is first sold to a retail customer or the date on which the product is first put into service, whichever occurs first. Parts and accessories installed on Mercury Racing products that had product warranty duration of less than one (1) year, carry Limited Warranty coverage for a period of time equal to that, and not greater than the duration of the limited warranty originally provided with the parent product. The repair or replacement of parts, or performance of service under this warranty, does not extend to the life of this warranty beyond its original expiration date. Unexpired warranty coverage can be transformed to a subsequent purchaser upon proper re-registration of the product.

Conditions That Must Be Met In Order To Obtain Warranty Coverage

Warranty coverage is available only to retail customers that purchase from a Dealer authorized Mercury Marine to distribute the product in the country in which the sale occurred. Routine maintenance outlined in the Operations and Maintenance Manual must be timely performed in order to maintain warranty coverage. Mercury Marine reserves the right to make warranty coverage contingent upon proof of proper maintenance.

What Mercury Will Do

Mercury's sole and exclusive obligation under this warranty is limited to, at our option, repairing a defective part, replacing such part or parts with new Mercury Marine certified re-manufactured parts, or refunding the purchase price of the Mercury product. Mercury reserves the right to improve or modify products from time to time without assuming an obligation to modify products previously manufactured.

How To Obtain Warranty Coverage

The customer must provide Mercury Marine with a reasonable opportunity to repair, and reasonable access to the product for warranty service. Warranty claims shall be made by delivery the product for inspection to a Mercury dealer authorized to service the product. If the purchaser cannot deliver the product to such a dealer, written notice must be given to Mercury. We will then arrange for the inspection and any covered repair. Purchaser in

that case shall pay for all related transportation charges and/or travel time. If the service provided is not covered by this warranty, purchaser shall pay for all labor and material, and other expenses associated with that service. Purchaser shall not, unless requested by Mercury, ship the products or parts of the product directly to Mercury. The original purchase receipt establishes the warranty period and must be presented to the dealer at the time warranty service is requested in order to obtain coverage.

What Is Not Covered

This limited warranty does not cover routine maintenance items, tune ups, adjustments, normal wear and tear, damage caused by abuse, abnormal use, double lab finished propellers, use of a propeller or gear ratio that does not allow the engine to run in its recommended wide-open-throttle RPM range (see the operation and Maintenance Manual), operation of the product in a manner inconsistent with the recommended operation/duty cycle section of the Operation and Maintenance Manual, exceeding the horsepower limitations for the product as listed on the Mercury Racing propeller or in the Mercury precision/Mercury racing Accessory Guide, neglect, accident, submersion, improper installation (proper installation specifications and techniques are set forth in the installation instructions for the product), improper service, use of an accessory or part not manufactured or sold by us, jet pump impellers and liners, operation with fuels, oils or lubricants which are not suitable for use with the (see Operations and Maintenance Manual), alteration or removal of parts, water entering the engine through the fuel intake, air intake or exhaust system, damage to the product from insufficient cooling water caused by blockage of the cooling system by a foreign body, running the engine out of water, mounting the engine too high on the transom, or running the boat with the engine trimmed out too far. Use of the product for racing or other competitive activity, or operating with a racing type lower unit, at any point, even by a prior owner of the product voids the warranty.

Mercury Precision, Smartcraft and Quicksilver Parts and Accessories that are used for any purpose for which they are not intended (outside anticipated marine application) are excluded from coverage under this warranty statement.

Expenses related to haul-out, launch, towing, storage, telephone, rental, inconvenience, slip fees, insurance coverage, loan payments, loss of time, loss of income, or any other type of incidental or consequential damages are not covered by this warranty.

No individual or entity, including Mercury Marine authorized dealers, have been given authority by Mercury Marine to make any affirmation, representation or warranty regarding the product, other than those contained in this limited warranty, and if made, shall not be enforceable against Mercury Marine.

For additional information regarding events and circumstances covered by this warranty, and those that are not, see the Warranty Coverage section of the Operation and Maintenance Manual.
